Tips for a Successful Trip

With these easy steps you can start planning your dream vacation today!

PLAN YOUR TRIP

- Start by talking to your doctor and care team about your travel plans
- Contact NxStage Customer Support a minimum of 60 days prior to your trip for costs and helpful information about traveling with dialysis
- Work with your center to complete the NxStage travel order form
- Plan your transportation and hotel arrangements

PACKING

Call NxStage Customer Service for a checklist to help assist you when packing

KNOW BEFORE YOU GO

It is extremely important to plan all of the details of your trip prior to your departure to make sure it is hassle-free. It is also important to understand what supplies and equipment you need to carry with you and what will be shipped to your destination.

The more time you provide to make travel arrangements with your care team and NxStage, the better!

Make sure to talk to your care team and NxStage about:

- Lodging
- Transportation
- Travel Insurance
- International Travel and Documentation
- Costs

It's always better to know before you go.
